October 21, 2020

Dear Hiring Manager,

I am writing to apply for the ADAS Algorithm Engineer position advertised in the Ford Motor. As requested, I enclose a completed job application and my resume.

The role is very appealing to me, and I believe that my strong technical experience and education background make me a highly competitive candidate for this position. My key strengths that would support my success in this position include:

- I have more than two years work experience as Algorithm Engineer in Aptiv for Autonomous Driving features.

- I have successfully designed and developed Autonomous Driving features that can also be applied to ADAS.

- I provide exceptional contributions and build collaboration between teams.

With a Ph.D. degree in Statistics, I have a deep understanding the mathematics and the theories behind the algorithms. With two years work experience in Aptiv, I have comprehensive understanding of the full lifecycle for software development projects. I also have experience in learning and applying new technologies as appropriate. Please see my resume for additional information on my experience.

I can be reached anytime via email at chris7462@gmail.com or by cell phone, 517-775-9919.

Thank you for your time and consideration. I look forward to speaking with you about this employment opportunity.

Best,

Yi-Chen Zhang
